SUMMARY

Passionate React.js developer skilled in building dynamic web applications with modern, user-centric interfaces. Proficient in front-end technologies, including HTML5, CSS3, and JavaScript ES6+. Strong collaborator, delivering high-quality solutions and staying updated with the latest web development trends.

EXPERIENCE

Software Engineer
Ascend International US   January 2023 – Present, Hyderabad, Telangana

· Designed and developed responsive websites, ensuring optimal user experience across various devices and screen sizes using WordPress CMS.
· Developed web and mobile applications using HTML/CSS, JavaScript, React, React Native.
· Collaborated with cross-functional teams to gather requirements, plan projects, and implement solutions that met client needs.
· Conducted thorough testing and debugging to identify and resolve technical issues, ensuring high-quality deliverables.

PROJECTS

Script Craft
Ascend International US · September 2023 – Present

· Constructing engaging and dynamic user interfaces, Implementing CSS framework like Material-UI to optimize UI development, integrating RESTful APIs to interact with backend services, implementing state management solutions, including Recoil, to efficiently manage the application's state.

Chillbaby
Ascend International US · March 2023 – Present

· Building interactive and dynamic user interfaces for web applications using CSS framework like Ant Design to streamline UI development, implementing state management solutions, including Redux, to efficiently manage the application's state.
· Building cross-platform mobile applications using React Native, allowing for efficient code sharing and development for both iOS and Android platforms.
· Integrating RESTful APIs and interact with backend services, handling asynchronous requests and implementing error handling for robust frontend-backend interactions.

SuperParty
Ascend International US · January 2023 – February 2023

· Customizing and modifying WordPress themes to meet specific design and functionality requirements.
· Identifying and integrating appropriate plugins to extend the functionality of WordPress websites, such as SEO optimization, contact forms, and e-commerce capabilities.
· Optimizing website performance through plugin selection, configuration, and performance tuning to ensure fast loading times and a seamless user experience.

EDUCATION

Bachelor of Technology in Electronics and Communication Engineering
Usha Rama college of Engineering and Technology · Telaprolu, Andhra Pradesh · 2022 · 7.36

COURSEWORK

Programming in C, C++ & Microcontrollers (MCU)
Usha Rama College of Engineering and Technology, Andhra Pradesh · 2020 · c, c++

· Designing and programming microcontroller-based systems for specific tasks, such as controlling sensors, actuators, and other hardware components.

SKILLS

Technical Skills: HTML, CSS, JavaScript, React JS, React Native, WordPress, Firebase

Industry Knowledge: Manual Testing, Debugging
